SUPPLEMENTARY INFORMATION:

Description: The information collected by the Project Impact Assessment Survey is needed for two main reasons: 1) to collect crucial information required to report on the ANA established Government Performance and Results Act measures, and 2) to properly abide by ANA's congressionally mandated statute (42 U.S.C. 2992 et seq.) found within the Native American Programs Act of 1974, as amended, which states that ANA will evaluate projects assisted through ANA grant dollars "including evaluations that describe and measure the impact of such projects, their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for delivery of services." The information collected with this survey will fulfill ANA's statutory requirement and will also serve as an important planning and performance tool for ANA.

Updates to this information collection address the Indian Community Economic Enhancement Act of 2020 (Pub. L. 116-261). It also addresses the flexibilities and assistance offered under COVID-19 recovery assistance.

Respondents: Tribal Governments, Native American nonprofit organizations, and Tribal Colleges and Universities.
